Frequently Asked Questions – in-country applications

Alongside this letter you will have received your Certificate of Sponsorship. Please see the guidance below regarding the visa application process.

I already hold a Tier 2 visa; can I apply under that route again?

No. The Tier 2 (General) visa route closed to new applicants on 1 December 2020, and was replaced with the Skilled Worker Visa route. All current Tier 2 visa holders can extend their leave under this new route and obtain a Skilled Worker Visa. All time already accrued on Tier 2 visas will still count toward the 5-year settlement requirement where combined with time spent on a Skilled Worker Visa.

How do I apply for the visa?

- For ‘standard’ Skilled Worker Visa applications, apply online here: https://apply-to-visit-or-stay-in-the-uk.homeoffice.gov.uk/sort/country-nationality/skilled_worker_in_uk?ga=2.71895259.932256208.1606726929-1125884475.1606387631

If you wish to expedite your visa application at an additional cost, there are ‘value added services’ which are available to select as part of the online application process, which you can access locally, however due to COVID-19 all fast-track services are currently suspended.

- In all cases, you must apply for your new visa before your current visa expires.
- Once you submit your visa application, you cannot leave the UK for any reason until the application is granted, or your application will be automatically withdrawn by immigration.

How much will the visa cost?

Please see here for up-to-date guidance on visa fee costs: https://www.gov.uk/skilled-worker-visa/how-much-it-costs

How long will the application process take?

UK Visas and Immigration provide for an 8 week service standard for all online applications. The 8 weeks starts from the date you enrol your biometrics at a UKVCAS centre.

For applications made through the Priority and Premium services, you will receive your new Biometric Residence Permit (BRP) by post within 10 working days.
Can the University help with my visa costs?

Yes. The University operates a loan scheme for all current and prospective staff applying for Skilled Worker Visas where their contract will be for 12 months or more, covering common costs associated with making such an application, including the cost of visas for dependants.

You will find a loan application form attached to the email which contains your CoS. Further details of the scheme can be found here: https://www.hr.admin.cam.ac.uk/hr-services/visas-immigration/working-uk/skilled-worker-visa/skilled-worker-visa-loan-scheme

What is the Immigration Health Surcharge (IHS)?

The payment of the Immigration Health Surcharge (IHS) is mandatory for all non-EEA nationals who are issued a visa of more than 6 months in length. It is an additional charge, over and above the visa fee and must be made up-front at the time of the visa application. Payment of the surcharge will ensure that you have full access to the NHS on the same terms as a permanent UK resident.

The surcharge will cost an additional £624 per person per year that your visa is valid. Children aged under 18 pay a reduced fee of £470.

For further guidance, please see the UKVI webpages: https://www.gov.uk/healthcare-immigration-application

What documents do I need to submit?

After you submit your application online, you will be provided with an information sheet which confirms which documents you need to submit.

What are the conditions of holding a Skilled Worker Visa?

Please see the UKVI webpages here: https://www.gov.uk/skilled-worker-visa

You are also permitted to undertake supplementary employment in line with the conditions here: https://www.hr.admin.cam.ac.uk/hr-services/visas-immigration/working-uk/supplementary-employment-skilled-worker-visa/tier-5

What happens if my application is refused?

How do I meet the Financial requirements?

If you have been in the UK for 12 months or longer on any visa type, you are exempt from the Financial requirements of the Skilled Worker Visa route.

If you are not exempt, please check the final entry on your Certificate of Sponsorship which will confirm if the recruiting department has agreed to certify the financial/maintenance for you. If they have, then no further action is required.

If they have not, then you must ensure you have at least £1,270 in your bank account/savings to show you can support yourself in the UK. You will need to have had the money available for at least 28 days in a row. Day 28 must be within 31 days of applying for this visa.

If you have family members applying for dependant visas, and where this has not been certified by your recruiting department, your family members must also have a certain amount of money available to support themselves while they’re in the UK.

You - or your partner or child - will need:

- £285 for your partner
- £315 for one child
- £200 for each additional child

Please contact your recruiting department before you submit your visa application if you cannot meet the financial/maintenance requirement.

- The above includes all personal and business-related travel. However, absences in excess of 180 days will be waived where you are in an academic or research role and the absences were for ‘research purposes’.
